2 days after the session at

7 pm SA time & 7pm NZ time.

Proudly sponsored by Brauer Professional Pty. Ltd.

1. Wednesday, March 28th (Replay: March 29th & 30th)

Understanding Fertility & Reproductive Signs and Symptoms

Presented by: Ann Vlass N.D., B.HSc., B.Sc(Hons)

The human reproductive system produces complex body signs and symptoms which can indicate many abnormalities such as specific hormonal imbalance, immune irregularities, genitourinary infections, toxicity issues. Understanding what questions to ask and the meaning behind this information is imperative in successful treatment prescribing to your patients.

2. Tuesday, April 24th (Replay: April 25th & 26th)

TH1/TH2 Imbalance – Identifying causal factors and re-establishing balance

Presented by: Stacey Jarvis

The immune response is something particularly important in homotoxicology and its therapeutic specialisation. No other natural therapy seems to be able to target in such a subtle yet powerful as anti-homotoxic medicines. Consideration is given to allergy, autoimmunity, and recreating a healthy immune response.

3. Wednesday, May 30th (Replay: May 31st & June 1st)

Preparing for Childbirth

Presented by: Stacey Jarvis

The process of parturition presents a special set of challenges to the homotoxicology practitioner. You will go away from this seminar with the tools to put together an effective birthing plan for your patients.

Treatments include simple to follow and researched protocols for: Stalled labour, Threatened miscarriage, Emergency C-Sections, Pain and infection, Back and hip problems, Recovery from birthing, Depression and sleep issues & more.

4. Wednesday, June 27th (Replay: June 28th & 29th)

Fatigue – What it means & how to treat it

Presented by: Paul Kern

One of the most common symptoms presenting to the practitioner is FATIGUE. Appropriate treatment must be based on understanding the various causes of fatigue. Paul will guide practitioners to the most appropriate protocols to consider based on the presenting clinical picture.

5. Wednesday, July 11th (Replay: July 12th & 13th)

Homotoxicology & Kids PT 1

Presented by Vasilka Yurukova

A special opportunity to listen to a master practitioner talk about her most passionate reason for practice today.

6. Wednesday, August 29th (Replay: August 30th & 31st)

Homotoxicology & Kids PT 2

Presented by Vasilka Yurukova

A special opportunity to listen to a master practitioner talk about her most passionate reason for practice today.

7. Wednesday, September 26th (Replay: September 27th & 28th)

Mercury & Infertility

Presented by Dr David Hefferon

In the second part of this talk British Dentist Dr David Hefferon will talk about treatment strategies for the extensive "over-use" of mercury fillings and the impact it has on women.

8. Wednesday, October 31st (Replay: November 1st & 2nd)

Truth about Fluoride

Presented by Dr David Hefferon

Learn from a Holistic Dentist why Fluoride added to water is detrimental not only to health but proper development of teeth in the young. You will learn which forms of Fluoride have benefit and which kinds do not. You will learn what to do for people chronically exposed to water fluoridation.

9. Wednesday, November 28th (Replay: November 29th & 30th)

Detoxification Protocols

Presented by: Paul Kern

This highly practical seminar will discuss the many facets and levels of detoxification. Practitioners will be given a step by step explanation of determining the type of detoxification protocol required as well as the different methods that can be employed. Participants will receive questionnaires, and education tools for better patient care.

All seminars including 2 replays,
will commence:
Aust 7pm (SA time) / NZ 9.30pm

About the presenters:

Stacey Jarvis (New Zealand) Stacey is a qualified Naturopath and Medical Herbalist with considerable experience in clinical practice. She went on to study Homotoxicology and Biomesotherapy and has integrated these into her practice with enormous success. Stacey maintains a busy private practice in Devonport, Auckland where she has practiced since 1994. Teaching affords Stacey the opportunity to share cutting edge natural protocols, which produce speedy results for patients and practitioners alike.

Paul Kern (Australia) Paul Kern has been a practicing Naturopath for the past 16 years. Since 1999 he has been delivering highly informative seminars to Doctors, Chiropractors and Naturopaths around Australia and New Zealand. During this time Paul has maintained a private practice, allowing him to write and deliver seminars that have a perfect combination of highly relevant theory, clinical application and case studies. His experience offers seminar attendees a greater insight into patients complaints and a chance to build their clinical knowledge, assisting them in getting the best possible clinical outcomes.

Dr. Vasilka Yurukova is a specialist in Childrens Complaints and has a real passion for treating children with the least possible intervention. She is a world renown Homoeopathic lecturer, traveling the world lecturing on the clinical use of homoeopathy. She is one of the most highly regarded trainers in the world today, fluent in 3 languages.

Dr. David Hefferon qualified from Queens University Belfast and worked in Northern Ireland for four years. He then moved to Düsseldorf in Germany where he set up a private practice and developed his interest in how the mouth can affect the rest of the body and how the body can have an effect on the mouth. David moved to London in 2002 and set up the Ella Clinic. David uses an orthopaedic orthodontic approach to help in the treatment of Jaw problems as well as looking at the effect of mercury fillings and fluoride on the individual. As such he is an accredited member of the International Academy of Oral Medicine and Toxicology.

Ann Vlass, medical scientist and leading Natural Fertility specialist, uses Naturopathic, Homotoxicology, Iridology assessment, and traditional Ayurveda principles as the key to understanding her clients. Postgraduate studies with world-renowned masters in Fertility, Iridology and leading medical specialists make her unique in this industry.

All seminars including 2 replays, will commence: Aust 7pm (SA time) / NZ 9.30pm
